

CONTENT

Vlad G. Artenie, Georgiana R. Artenie, Alin-Stelian Ciobică, Lucian Hrițcu – Current aspects regarding the acetylcholine metabolism	1
Raluca Vitalaru, Alin Ciobica, Manuela Padurariu, Adrian Cantemir, Cristinel Stefanescu – Evaluation of some oxidative stress markers in depressive disorder and insomnia	11
Gabriela Ildiko Zonda, Ancuța Goriuc, Roxana Irina Iancu, Marcel Costuleanu – Ionomycin-induced Ca^{2+} overload is not accompanied by mitochondrial membrane potential dissipation in murine pro-B cells	15
Cosmin Teodor Mihai, Daniela Gherghel, Gabriela Capraru, Elena Truta, Dorina Iurea, Ion Neacșu, Pincu Rotinberg – Perturbation of enzymatic activity of the HeLa neoplastic cells by cytostatic active electromagnetic treatments	21
Pincu Rotinberg, Cosmin Teodor Mihai, Daniela Gherghel, Gabriela Capraru, Dorina Iurea, Crăița Maria Roșu, Stefania Surdu – The cytostatic potential confirmation of some fungal autochthonous biopreparations upon HeLa neoplastic cells cultures	29
Anca-Mirela Amariei, Elena Ciornea, Gabriela Dumitru – Study of some sanguine biochemical indices in female patients affected by acute B viral hepatitis	37
Anca-Mirela Amariei, Gabriela Dumitru, Elena Ciornea – On the activity of some enzymes in alcoholic and non-alcoholic hepatic steatosis	43
Doina Iancu, Eduard Crauciuc, Ovidiu Toma, Dragos Crauciuc – The cytological diagnostic of the cervical cancer	49
Doina Iancu, Eduard Crauciuc, Ovidiu Toma, Dragos Crauciuc – Histopathologic diagnostic of the cervix neoplasma	55
Oana Elena Ciurcanu, Carmen Gabriela Stelea, Eduard Crauciuc, Ovidiu Toma, Maria Voroneanu – Morpho-pathological aspects in accidents caused by local anesthesia with vasoconstrictors	61

Oana Elena Ciurcanu, Mihaela Monica Scutaru, Eduard Crauciuc, Ovidiu Toma, Maria Voroneanu – Anesthesia without needle - routine or random act in practice of dental office	67
Andrei Neamtu, Monica Neamtu, Tudor Petreus, Ana-Maria Oprea, Oștin C. Mungiu – Molecular docking study on the potency of glycosaminoglycans (GaGs) as co-activators of fibroblasts proliferation and differentiation	75
Oana Mihaela Arteni, Zenovia Olteanu, Lăcrămioara Oprică, Mihaela Bălan – Researches on the activity of oxidoreductases from tissues harvested in different stages of development at <i>Cyprinus carpio</i>	83
Răzvan Deju, Costică Misăilă, Gabriela Dumitru, Roxana Lazăr – Preliminary biochemical and hematological investigations on the european bison (<i>Bison bonasus</i> L., 1758) from the Vânători Neamț reservation	87
Ligia Acatrinei – The dynamics of the carbohydrates accumulation in Solanaceae leaves cultivated in different technological systems	93
Marius Stefan, Lucian Hritcu, Laura Obreja, Viorel Melnig – Synthesis and antibacterial effect of silver nanoparticles with different sizes	99
Liliana Pustan, Octăvița Ailieșei, Simona Dunca – <i>Trichomonas vaginalis</i> – a risk factor for cervical cancer	107
Ioan Chirilă, Luminița Minea, Luminița-Smaranda Iancu – Microbiological aspects of underground water quality for human consumption in rural area	113
Carmen Corina Vișan, Csilla Iuliana Băra – Useful microbiological testing of confectionery products quality	119
INSTRUCTIONS FOR AUTHORS	125
